<input type="checkbox"/>	COMD 474	Neurology and Neurogenic Communicative Disorders	COMD 241+ 242+ 307+ 344	
<input type="checkbox"/>	COMD 475	Fluency Disorders	COMD 241+ 242+ 307+ 344	

<input type="checkbox"/>	COMD 465	Aural Rehabilitation	COMD 461	
<input type="checkbox"/>	COMD 476	Clinical Methods and Procedures	COMD 241+ 242 + 307+ 344 + 352, and 472 or 474 or 475	

COMD Major Electives (optional)

	COMD 302	Introduction to Sign Language	GE A.1.	
	COMD 345	Communication and Aging	GE A.1.	
	COMD 478	Counseling in Communication Disorders	COMD 242+300	
	COMD 495	Internship in Communication Sciences and Disorders	COMD 241+242+307+352 and 476 (or co-req)	This course requires an application to take it.

University writing requirement

<input type="checkbox"/>	COMD 300	Introduction to Research in Communication Sciences and Disorders	GE A.1 & COMD 242	Must be passed with a grade of "C" or higher
--------------------------	-----------------	---	-------------------	--

* CA Public school credential (SLPSC) requirements

<input type="checkbox"/>	Psych 361		None	CAS 101 is an equivalent course
<input type="checkbox"/>	SpEd 371		None	

Additional courses (up to 30 units as needed: unrestrictive electives to fulfill 120 unit degree requirements)

IMPORTANT ADVISING NOTES

* ASHA CCC requirements and CA Public school credential requirements are NOT required for B.A. degree. They are needed if you plan to go to graduate school. Therefore, you can take them later at a community college if you can obtain a total of 120 units for graduation without these courses.

Possible Junior College (JC) Course Equivalents/Transfers

1. Remaining GE course requirements (except upper division in residence GE)
2. ASHA Biology, Physics or Chemistry and/or Statistics course
3. Public school credential courses (SPED 371, PSYCH 361); a course indicated as CAS 101 in your transcript is equivalent to Psych 361. For course equivalency, please check with Dr. Saenz, credential coordinator.
4. An introductory sign language class (equivalent to COMD 302)

Strategies for getting the classes that you need and classes that are closed

1. Make sure that you have completed the pre-requisites for the class.
2. Put your name on the Titan Online waitlist for classes whenever possible.
3. If you are a graduating senior, contact the Undergrad advisor, Dr. Kim, to get help with registration for classes you need to take in order to graduate on time. Permits will be given first to graduating seniors in their last semester of coursework with an approved grad check/graduation date and four or fewer classes left to complete in the major.
4. Show up the first day of class with your Titan Degree Audit (TDA) to petition the class if the instructor has room to add additional students.
