

PHOTO COMM

The **Photo Communications Certificate** allows CSUF students to complete a **set of courses** that provide relevant **hands-on skills** for **traditional** and **digital photography**. Students will learn to **conceptualize** and **create compelling photographic images** for use in **Web-based** and **social media content**. Students will also learn the **business issues** involved with being a **successful photographer**.

FACULTY ADVISOR Bill Thompson | billthompson@fullerton.edu

All Department of Communications majors are encouraged to consider completion of one of our pre-professional certificates. The certificates are also open to students from other majors. **A certificate takes the place of the collateral requirements on the COMM degree check sheet.** To learn more, speak to your faculty advisor or visit the College of Communications Advising and Student Success Center (College Park 210).

Department of Communications Certificates are open to all CSUF students
