

Master's Committee Selection Form

To complete your M.A., you must put together a three-member Master's Committee comprised of faculty members. This committee will guide you in completing the M.A. program requirements. You are required to select a Master's Committee Chair as soon as possible after being admitted to the program. Your Chair aids in developing your Graduate Study Plan and directs your thesis, project, or comprehensive exams unless special arrangements are approved. No course will be accepted as part of the M.A. program without your Master's Committee approval. Changes in the Master's Committee may be completed by counseling with the Graduate Program Director and filing a new form. **Please return this form to the Graduate Program Director.**
