

Master's Committee Selection Form

To complete your M.A., you must put together a Master's Committee comprised of at least three tenure or tenure-track faculty members. This committee will guide you in completing the M.A. program requirements. You are required to select a Master's Committee Chair as soon as possible after being admitted to the program. Your Chair advises you in developing your Graduate Study Plan, assembling your Master's Committee, and directs your thesis, project, or comprehensive exams unless special arrangements are approved. No course will be accepted as part of the M.A. program without your Master's Committee approval. Changes in the Master's Committee may be completed by counseling with the Graduate Program Director and filing a new form. **Please return this form to the Graduate Program Director.**
