Suppose you attended or are attending a preparation or leverage program offering only 10 CSD courses. To be qualified for applying to the CSUF CSD M.S. program, you must meet the above requirements: **ANY 12 CSD courses, and at least 9 of the equivalent to the above list.**

The course waivers will only be done for the top 100 applicants who will be invited to an Open House around mid-March.

Courses taken at **ASHA accredited programs** will be accepted for the most part. However, students from other institutions may typically be required to take 1 to 2 non-equivalent classes after being admitted to our M.S. program.

Applicants with less than 12 CSDs or have one or more course deficits (i.e., non-equivalencies) will NOT be considered.
